

## Week 10 - Learning Unit 10

Thom Halls

### Photo 5 – Introduction to Photography

Fully online course – 3/12/2018

<b>Unit Title:</b>	The Magic of Window Light and how we connect through portraiture
<b>Introduction:</b>	In this unit you will see how the soft interpretative nature of window light can change a photograph in an instant. How the use of reflectors and positioning the subject with the light correctly can have dramatic results. You will also understand the power of the portrait and why they are so important to the photographic medium. How, as a society we connect through images through recording a common experience.
<b>What You Will Learn:</b>	<p><b>At the end of this unit you will be able to:</b></p> <ol style="list-style-type: none"> <li>1. Distinguish the type of light used in any portraiture interpretation of any subject</li> <li>2. Understand the power of the portrait and how it can define a person, place or an activity and preserve it for all time.</li> <li>3. You will have a full understanding the methods professionals use to obtain balanced results in any lighting conditions.</li> <li>4. Discuss and demonstration how putting it all together, composition, texture and light combine to make a interpretative image.</li> <li>5. And see how photographers use unconventional solutions to solve real world visual problems.</li> </ol>
<b>What You Will Do:</b>	<ol style="list-style-type: none"> <li>1. Read, Listen and/or view the introduction to this week's unit.</li> <li>2.
